

COMPANY PROFILE / 2026

SYSTEMS FOR FINANCIAL CONSEQUENCE.

Rodstark Global Solutions, Inc.
Financial services

FOUNDER / CEO • FOUNDED JUNE 2016

FINANCIAL OPERATIONS NEED CONTEXT— NOT JUST DATA.

Founded in June 2016, the company develops financial systems around decisions, records, and the operational trail between them.

01

CAPITAL OPERATIONS

Structures for investment, lending, and client workflows.

02

RECORD INTEGRITY

Document and transaction context designed to remain legible.

03

SYSTEM MODERNIZATION

Legacy operational knowledge carried into modern web platforms.

OPERATING LAYERS.

Three connected disciplines built to make complex financial work clearer, safer, and easier to evolve.

01

FINANCIAL SOLUTION DESIGN

Investment, lending, CRM, and document workflows shaped around the business process.

02

OPERATIONAL SOFTWARE

Records, reporting, and task context designed for day-to-day financial work.

03

PLATFORM MODERNIZATION

Desktop and SQL-era capabilities translated into accessible browser-based systems.

RODSTARK CAPITAL.

Owner-described portfolio
project based on this business's
financial-services domain.

RELATIONSHIP SUPPLIED BY FOUNDER /
PRESIDENT

FINANCIAL WORK, HELD AS A SYSTEM.

- | | | |
|----|---------------|---|
| 01 | CLIENT + CRM | Client context and relationship workflows |
| 02 | CAPITAL | Investment and lending operations |
| 03 | RECORDS | Documents, transactions, and reporting |
| 04 | MODERNIZATION | Next.js, React, TypeScript, and SQL direction |

A PROFILE WITH A SOURCE BOUNDARY.

Company and capability statements are grounded in official public profiles and first-party project documentation. Private files and unsupported claims stay out.
